

# INDEX.

[NOTE.—The references are to page-figures in brackets.]

	Page.		Page.
<i>Acanthias</i> .....	38	<i>Ambly, canalis transversus of</i> .....	83
nasal aperture in .....	37	carpus of .....	79
<i>Acauthopterygii</i> .....	40	caudal extremity of .....	112
<i>Accessorisches stück</i> .....	78	centrum of the hindmost vertebra of .....	17
<i>Acipenser</i> .....	44	commencement of the spinal cord of .....	11
<i>Acipenserides</i> .....	42	coössified vertebra of .....	65, 70
<i>Actinosts</i> .....	78, 83	coracoids .....	79
<i>Acuaticus foramen</i> .....	40	"cover bones" of the skull in .....	10
<i>Admaxillary</i> .....	47, 53, 56	cranial nerves in .....	42
<i>Agassiz, L.</i> .....	2	cranium of .....	9, 30, 50, 96
work cited .....	44, 81, 89	dissections of young of .....	87
<i>Air-breathing vertebrates posterior nares of</i> .....	39	dissections upon .....	87
<i>Albrecht, work cited</i> .....	18	dorsal fin of .....	85
<i>Albula</i> .....	62, 63, 65, 66, 71	ectopterygoid in .....	64
basisphenoid of .....	60	entopterygoid of .....	54
cranium of .....	62, 63, 118, 120	exoccipitals of .....	12, 40, 51
entopterygoid of .....	67	external appearance of .....	44
foramen magnum of .....	65	extrascapula of .....	5
frontals of .....	62, 63	first occipital nerve of .....	16
hyomandibular of .....	67	first spinal nerve in .....	14
known species of .....	62	foramen of the alisphenoid in .....	22
naals of .....	60	foramen of the labyrinth in .....	25
no gular plate in .....	62	forms of bones in cranium of .....	22
opisthotic of .....	65	forty-fifth vertebra of .....	85
palatine of .....	67	fossil .....	82
palatognadrate arch of .....	67, 118	frontalia of .....	4
parietals of .....	63	frontal region of .....	11
prefrontals of .....	62, 63	ganoid plates of .....	50
prootic of .....	67	gill-rakers of .....	56
quadrate .....	67	gular plate of .....	50
rear view of the cranium of .....	64	history of the skeleton of .....	43
squamosals of .....	63	hyoidéan and branchial arches of .....	55
symplectic of .....	67	hyomandibular articulation in .....	41
teeth of .....	63, 67	hyomandibular of .....	54
vomér of .....	63	intermaxilla of .....	10
vulpes .....	61, 70	internasal area in .....	63
<i>Aleates</i> .....	36	interoperculum of .....	47
<i>Alisphenoid</i> .....	20, 22, 31, 36, 50-54, 56, 61, 66, 69, 70	interorbital septum in .....	21
circular .....	70	interspinous bones of .....	12
descending, process of .....	53	labyrinth in .....	26
.....	10	labyrinth niches in .....	26
<i>Alveolar process</i> .....	3, 24, 32, 44, 62, 67, 70, 79, 80	lacrymal of .....	46
<i>Amla</i> .....	21	lateral view of skull of .....	102
alisphenoid of .....	82	length of tail in .....	87
ancestors of .....	39	lower jaw of .....	75
anterior and posterior nares in .....	5, 7	mandible of .....	48, 104
anterior nasal aperture of .....	21	mandible of, inferior aspect .....	108
anterior third of the wall of orbit in .....	12	metapterygoid of .....	64
basloccipital of .....	51	movement forward of metapterygoid .....	55
basioccipital much elongated in .....	55	in .....	6
branchiostegal rays in .....	43	mucous canals in head of .....	39
calva, skeleton of .....	34	nasal bone of .....	39
canal beneath the cavum cranii of .....	34		

	Page.
<i>Amia</i> , nasal cavity of .....	5
nasal region of .....	5
nasal region of the primoidal skull of .....	23
neural arch of first vertebra of .....	15
neural spine of sixth vertebra in .....	85
non-lobate fins of .....	57
number of vertebra in .....	84
occipital arches of .....	12, 13
occipital nerves of .....	14
occipital region of .....	11, 40
occiput of .....	17
opercular bones of .....	47
operculum of .....	47
ophthalmic artery in .....	23
optic nerve in .....	23
orbital base in .....	21
orbital region in .....	41
orbitosphenoid of .....	22
ossa parietalia of .....	4
os squamosum of .....	4
palatine of .....	54
palatopterygoidean arcade of .....	106
paleoichthyic type of skeleton of .....	8
parasphenoid of .....	9
pectoral limb in .....	110
pelvic bones of .....	82
petrosal of .....	20
plans of structure in the skull of .....	42
position of the metapterygoid in .....	55
posterior occipital arch of .....	14
posterior part of orbit in .....	21
posterior view of the cranium of .....	100
posterotemporal in .....	78
postfrontal of .....	4, 20
postorbital process of .....	40
postorbitals of .....	46
posttemporal of .....	78
prefrontal of .....	4
prenasal region in .....	53
primoidal cranium of .....	10, 22, 98
progressive development of .....	10
proscapula of .....	70, 80
pteroics absent in .....	52
quadrate of .....	54
ramus palatinus of .....	20
relation of the labyrinth to the cavum cranii in .....	25
respiratory function in living .....	81
rhinalchamber of .....	5
scales of .....	84
second occipital nerve of .....	15
sections through the cranium of .....	100
septomaxillare in .....	23
serrated appendages of the throat of .....	80
shoulder girdle of .....	77, 80
skeleton of .....	114
skull of .....	2, 39, 43, 50, 98
spinal column of .....	84
structure of its heart .....	2
studies of the skeleton of .....	57
subcranial canal of .....	33
suboperculum of .....	47
superior view of skull of .....	98
supra-occipital absent in .....	42, 51

	Page.
<i>Amia</i> , supra-scapula of .....	6
symplectic of .....	54
tail of .....	86, 87, 88
teeth of .....	48
teleotemporals of .....	78
the orbits in .....	21
the three occipital nerves of .....	15
thirty-eighth vertebra of .....	85
thirty-ninth vertebra of .....	85
twenty-five rays in caudal fin of .....	86
unprepared head of .....	3
use assigned to appendages at throat of .....	82
ventral fins of .....	82
vertebral column of .....	17, 83
vertebra of .....	100
vomers of .....	9, 10
young of .....	87
<i>Amia</i> Calva, Anatomian Description Tabulaque Illustravit .....	48
<i>Amiida</i> .....	44
<i>Amniota</i> atlas of the .....	18, 19
inner nasal opening in .....	37
<i>Amphibia</i> .....	10, 27, 29, 56
axis of .....	18
cranium of .....	18
first spinal nerves in the .....	18
gill cleft of the higher .....	30
inner nasal opening of .....	37
larval and adult forms of .....	57
occipital part of the skull of the .....	18
occipital region in .....	18
odontoid process of the .....	18
skulls in .....	18
sound conducting apparatuses in specialized .....	28 56
<i>Anacanthini</i> .....	2
<i>Anal</i> fin, number of rays in .....	86
<i>Anatomic des fleche</i> .....	1
<i>Anatomy and Physiology, Journal of</i> .....	1, 43
Angular .....	45, 40, 52, 54, 56
Anterior occipital arch .....	48, 75
Antorbital .....	14, 16
processes .....	6
region .....	10, 21, 28, 41
<i>Anura</i> .....	28, 29
