Dear Ms. Malloy:

This concerns your Department of the Army permit, number NAE-2010-02347, that authorized the placement of fill below the ordinary high water line of an unnamed tributary to Long Cove and in adjacent freshwater wetlands at Searsport, Maine in order to develop a liquid propane storage and off loading facility on Mack Point.

In a letter dated April 12, 2013, your Maine attorney indicated that you now have no intention of proceeding with the project and that you wish to have the Corps revoke the permit. Furthermore, it is our understanding, based on conversations between your attorney and John Almeida of our Office of Counsel, that you do not wish to avail yourself of the opportunity to request a meeting with the District Engineer or a public hearing before a revocation decision is made.

Therefore, in response to your request and in accordance with Title 33 CFR Part 325.7, your Department of the Army permit is revoked.

If you have any questions concerning this matter, please contact Jay Clement at 207-623-8367 at our Manchester, Maine Project Office.

BY AUTHORITY OF THE SECRETARY OF THE ARMY:

A handwritten signature in black ink, appearing to read "Samaris", written over the typed name and title.

Charles P. Samaris  
Colonel, Corps of Engineers  
District Engineer
