

LIST OF ILLUSTRATIONS.

REVIEW OF THE FISHERIES OF THE GREAT LAKES.

	Page.
General map of the Great Lakes.....	3
PLATE I.—Gill-net Steamer.....	19
II.—Sheer and Deck Plans of Fishing Steamer <i>T. R. Merrill</i>	20
III.—Cross-sections of Fishing Steamer <i>T. R. Merrill</i>	20
IV.—Huron Boat.....	22
V.—Sail Plan of Mackinaw Boat.....	22
VI.—Plans of Typical Pound-net Boat.....	24
VII.—Cleveland Pound-net Boat under Sail.....	26
VIII.—Plans of Pound-net Dinghy.....	26
IX.—Stake-boat and Crew off Marblehead, Lake Erie, driving stakes for Pound-net.	28
X.—Deck Plan of Stake-boat and Stake-puller of Lake Erie.....	28
XI.—Map showing the Number and Location of the Pound-nets operated in the Waters of Lake Superior during the Fishing Season of 1885.....	31
XII.—Lake Trout (<i>Salvelinus namaycush</i>).....	36
XIII.—Lake Herring or Cisco (<i>Coregonus artedii</i>).....	44
XIV.—Pike (<i>Esox lucius</i>).....	50
XV.—Muskellunge (<i>Esox nobilior</i>).....	60
XVI.—Diagram of the typical Lake Pound-net.....	66
XVII.—Map showing the Number and Location of Pound-nets operated in the Waters of Lake Michigan during the Fishing Season of 1885.....	71
XVIII.—Gill-net drying on Reel.....	74
XIX.—Gill-net Rigs.....	88
XX.—Whitefish (<i>Coregonus clupeaformis</i>).....	98
XXI.—Green Bay Pound net.....	108
XXII.—Sheepshead (<i>Aplodinotus grunniens</i>).....	148
XXIII.—Yellow Perch (<i>Perca americana</i>).....	166
XXIV.—White Bass (<i>Roccus chrysops</i>).....	190
XXV.—Map showing the Number and Location of Pound-nets operated in the Waters of Lake Huron during the Fishing Season of 1885.....	205
XXVI.—Hauling in herring seine in the Detroit River. Inclosure for keeping fish alive.....	220
XXVII.—Pound-net in the Detroit River.....	230
XXXVIII.—Map showing the Number and Location of Pound-nets operated in the waters of Lake Erie during the Fishing Season of 1885.....	233
XXIX.—Lake Erie Pound-nets for Capture of Whitefish, Herring, etc.....	242
XXX.—"Lifting the Pot" of a Pound-net, Lake Erie.....	250
XXXI.—Type of Lake Erie Fishermen's Seine-shed and Tarring-box.....	256
XXXII.—Type of Lake Erie Fishermen's Summer House.....	260
XXXIII.—Interior of fish-packing establishment at Sandusky; fish-cleaning gang at work.	266
XXXIV.—Diagram of Lake Erie Pyke-net.....	268
XXXV.—Great Lake Catfish (<i>Amiurus nigricans</i>).....	276
XXXVI.—Wall-eyed Pike or Dory (<i>Stizostedion vitreum</i>).....	280
XXXVII.—Sauger or Sand Pike (<i>Stizostedion canadense</i>).....	282
XXXVIII.—Red-horse Sucker (<i>Moxostoma macrolepidotum</i>).....	288
XXXIX.—A Buffalo Fisherman and his Dog Team.....	288
XL.—On the Fishing Grounds; Bringing home the Fish.....	290
XLI.—Sturgeon (<i>Acipenser rubicundus</i>).....	294
XLII.—Map showing the Number and Location of the Pound-nets operated in the Waters of Lake Ontario during the Fishing Season of 1885.....	298
XLIII.—Large-mouthed Black Bass (<i>Micropterus salmoides</i>).....	310
XLIV.—Small-mouthed Black Bass (<i>Micropterus dolomieu</i>).....	320

REPORT OF COMMISSIONER OF FISH AND FISHERIES.

THE WORK OF THE ALBATROSS.

PLATE		Page.
I.	Apparatus for determining the Result of the Fracture of an Incandescent Lamp in a Coal-bunker containing Coal-gas.....	372
II.	Figures illustrating the Manner of Testing the Iron for the New Boilers (figs. 1 to 5).....	416
III.	Figures illustrating the Manner of Testing the Iron for the New Boilers (figs. 6 and 7).....	418
IV.	Iron Tubes and Carriers for the Tiller Ropes (figs. 8 to 11).....	420

CONSTRUCTION AND EQUIPMENT OF THE GRAMPUS.

I.	The <i>Grampus</i> under sail.....	437
II.	Sheer Plan, Half-breadth Plan, and Body Plan of the <i>Grampus</i>	439
III.	Interior Arrangement of the <i>Grampus</i>	443
IV.	Construction Plans of the <i>Grampus</i>	417
V.	Forecastle, looking Forward.....	448
VI.	Forehold, looking to Starboard.....	450
VII.	Forehold, looking Aft.....	452
VIII.	Laboratory, looking Forward.....	454
IX.	Laboratory, looking toward After-port Side.....	454
X.	Cabin, looking Forward.....	456
XI.	Cabin, looking Aft.....	456
XII.	Fig. 1, Cross-section of Steam Windlass. Fig. 2, Bed-plate of Steam Windlass.....	458
XIII.	Fig. 1, Plan of Steam Windlass, looking forward. Fig. 2, Plan of Engines for Windlass.....	458
XIV.	Sail Plan.....	462
XV.	Diagram of Beam Trawl.....	470
XVI.	Trawl-heads, Beam, Mouth of Net, etc., Shows how Bridles are attached.....	472
XVII.	Plans of McDonald's Hatching Bucket.....	478
XVIII.	View in Laboratory of the <i>Grampus</i> , with McDonald's Hatching Bucket in Operation.....	482

FIGURES IN TEXT:

Fig. 1	Steering Wheel.....	451
2.	Collins's improved Marine Drag.....	463
3.	Collins's patent Fog-horn.....	464
4.	<i>Grampus</i> Towing-net.....	473
5.	Collins's Egg-pan.....	479

OPERATIONS OF THE GRAMPUS.

I.	Chart showing course of the <i>Grampus</i>	491
II.	Funk Island bearing NNE., 5 miles distant.....	498
III.	Funk Island bearing WNW., 1½ miles distant.....	500
IV.	The Great Auk (<i>Alca inppennis</i>).....	514
V.	Newfoundland fishing schooners, the Galloper <i>Zephyr</i> at the wharf.....	526
VI.	Plans of schooner <i>Mitchie</i>	528
VII.	Fig. 1, sail plan of schooner <i>Mitchie</i> . Fig. 2, sail plan of Toulinguet boat.....	530
VIII.	Seine boat.....	532
IX.	Pinkie boats.....	534
X.	Fishing skiffs.....	538
XI.	Toulinguet fishing boat.....	540
XII.	Plan of cod-trap.....	542
XIII.	Seining cod on Newfoundland coast.....	544
XIV.	Curing cod at Newfoundland. Women at work on flake-yard at St. John's.....	546
XV.	Curing stages at Newfoundland.....	548
XVI.	Sheer plan of <i>Grampus</i> , showing area covered with copper sheathing, etc.....	550

REVIEW OF THE LABROID FISHES OF AMERICA AND EUROPE.

I.	<i>Ctenolabrus adspersus</i> Walbaum.....	624
II.	<i>Platula onitis</i> Linnaeus. Tautog, Blackfish.....	624
III.	<i>Lachnolaimus maximus</i> Walbaum. Hogfish; Capitaine.....	626
IV.	<i>Trochocopus pulcher</i> Ayres. California Redfish; Fathead.....	632
V.	<i>Halicheres bivittatus</i> Bloch. Slippery Dick; Doncella (young).....	642
VI.	<i>Halicheres bivittatus</i> Bloch. Slippery Dick; Doncella (adult).....	646

LIST OF ILLUSTRATIONS.

REVIEW OF LABROID FISHES OF AMERICA AND EUROPE—Continued.

PLATE		Page.
VII.	Fig. 1, <i>Xyrichthys ventralis</i> Bean. Fig. 2, <i>Xyrichthys infirmus</i> Bean. Fig. 3, <i>Scarus cuzamila</i> Bean.....	660
VIII.	<i>Xyrichthys noracula</i> Linnaeus. Razor-fish.....	660
IX.	<i>Cryptotomus beryllinus</i> Jordan and Swain.....	666
X.	<i>Sparisoma hoplomystax</i> Cope.....	677
XI.	<i>Scarus Guacamaia</i> Cuvier. Guacamaia; Parrot-fish.....	688

ON SOME LAKE SUPERIOR ENTOMOSTRACA.

PLATE	I.— <i>Epischura lacustris</i> , male. <i>Diaptomus sicilis</i> , female.....	718
	II.— <i>Epischura lacustris</i> , abdomen of male. <i>Cyclops thomasi</i> , female. <i>Cyclops gyri-</i> <i>nus</i> , n. sp.....	718
	III.— <i>Leptodora hyalina</i> (after Lilljeborg). <i>Cyclops gyrenus</i> , n. sp., female. <i>Cyclops</i> <i>edax</i> , n. sp., abdomen of female.....	718
	IV.— <i>Cyclops edax</i> , n. sp.....	718

ENTOZOA OF MARINE FISHES OF NEW ENGLAND.

PLATE	I.— <i>Dibothrium restiforme</i> , sp. nov. (figs. 1 to 16).....	808
	II.— <i>Dibothrium punctatum</i> Rud. (figs. 1 to 4). <i>Dibothrium microcephalum</i> Rud. (figs. 5 to 18).....	870
	III.— <i>Dibothrium plicatum</i> Rud. (figs. 1 to 6). <i>Dibothrium rugosum</i> Rud. (figs. 7 to 10). <i>Anthobothrium laciniatum</i> , sp. nov. (figs. 11 to 13).....	872
	IV.— <i>Anthobothrium laciniatum</i> , sp. nov. (figs. 1 to 3). <i>Anthobothrium pulvinatum</i> , sp. nov. (figs. 4 to 9).....	874
	V.— <i>Anthobothrium pulvinatum</i> , gen. et sp. nov. (figs. 1 to 2). <i>Rhinebothrium flexile</i> , gen. et sp. nov. (figs. 3 to 5). <i>Rhinebothrium cancellatum</i> , sp. nov. (figs. 6 to 8). VI.— <i>Rhinebothrium longicollis</i> , sp. nov. (figs. 1 to 4). <i>Phyllobothrium foliatum</i> , sp. nov. (figs. 5 to 10).....	878
	VII.— <i>Anthobothrium gracile</i> , gen. et sp. nov. (figs. 1 to 2). <i>Orygmatobothrium angustum</i> Lt. (fig. 3). <i>Grossobothrium laciniatum</i> Lt., var. <i>longicollis</i> (fig. 4). <i>Callioboth-</i> <i>rium eschrichtii</i> Van Ben. (figs. 5 to 12).....	880
	VIII.— <i>Acanthobothrium paulum</i> , sp. nov. (figs. 1 to 7). <i>Platybothrium cervinum</i> , gen. et sp. nov. (figs. 8 to 10).....	882
	IX.— <i>Platybothrium cervinum</i> , gen. et sp. nov. (fig. 1). <i>Lecanicephalum peltatum</i> , gen. et sp. nov. (figs. 2 to 4). <i>Tylocephalum pingue</i> , gen. et sp. nov. (figs. 5 to 9).....	884
	X.— <i>Discocephalum plicatum</i> , gen. et sp. nov. (figs. 1 to 7). <i>Rhynchobothrium bulbifer</i> Lt. (figs. 8 and 9).....	886
	XI.— <i>Rhynchobothrium bulbifer</i> Lt. (figs. 1 and 2). <i>Rhynchobothrium tumidulum</i> , sp. nov. (figs. 3 to 11). <i>Rhynchobothrium hispidum</i> , sp. nov. (figs. 12 to 17). <i>Rhyn-</i> <i>chobothrium longispine</i> , sp. nov. (figs. 18 to 20).....	888
	XII.— <i>Rhynchobothrium tenuispine</i> , sp. nov. (figs. 1 and 2). <i>Rhynchobothrium heterospine</i> , sp. nov. (figs. 3 to 6). <i>Rhynchobothrium imparispine</i> , sp. nov. (figs. 7 to 9). <i>Rhyn-</i> <i>chobothrium wagneri</i> , sp. nov. (figs. 10 to 12).....	890
	XIII.— <i>Rhynchobothrium lomentaceum</i> , Diesing (figs. 1 to 3). <i>Rhynchobothrium longi-</i> <i>corne</i> , sp. nov. (figs. 4 to 8). <i>Otobothrium crenacolle</i> , gen. et sp. nov. (figs. 9 to 15) XIV.— <i>Otobothrium crenacolle</i> , gen. et sp. nov. (figs. 1 to 4). <i>Tetrarhynchus senec</i> , sp. nov. (figs. 5 and 6). <i>Tetrarhynchus robustum</i> , sp. nov. (figs. 7 to 9). <i>Tetrarhynchus</i> <i>bisulcatum</i> Lt. (figs. 10 to 12).....	892
	XV.— <i>Tetrarhynchus bisulcatum</i> Lt. (fig. 1). <i>Syndesmobothrium filicollis</i> , sp. nov. (figs. 2 to 4). <i>Paratencia medusia</i> , gen. et sp. nov. (figs. 5 to 9).....	894
