

LIST OF ILLUSTRATIONS.

Plate number.	To face page
1. Clackamas (Oregon) Salmon Station.....	5
2. Figure of a Fish, showing the parts usually referred to in Descriptions.....	6
3. <i>Oncorhynchus tshawytscha</i> . Quinnot Salmon; Chinook Salmon; King Salmon.....	7
4. <i>Oncorhynchus nerka</i> . Blueback Salmon; Redfish.....	11
5. <i>Oncorhynchus kisutch</i> . Dog Salmon.....	13
6. <i>Salmo gairdneri</i> . Steelhead.....	13
7. Rack for stopping ascent of Salmon at Battle Creek, California.....	16
8. Engine-house and Hatchery at Baird; Current-wheel and Piers for holding Rack.....	19
9. Current-wheel for pumping water at Baird, California.....	21
10. Interior of Hatchery at Battle Creek, showing Salmon-basket.....	23
11. Pens for holding ripe Fish, and Stripping Platform at Battle Creek, California.....	25
12. <i>Salmo salar</i> . Atlantic Salmon.....	27
13. Views of Dead Brook inclosure for Salmon.....	31
14. Salmon Live-car used in transporting Fish. Live-cars en route with Fish.....	33
15. Salmon Rearing-troughs, Craig Brook Station, Maine.....	43
16. Examining Fish for stripping. Stripping Female Salmon.....	45
17. Packing Salmon Eggs. Picking out dead Eggs. Handling Egg-trays.....	51
18. Fungus on Salmon Egg. Fungus on Salmon Egg, bearing Reproductive Organs. Reproductive Organs of Egg Fungus.....	63
19. Taking Spawn of Landlocked Salmon at Grand Lake Stream, Maine.....	67
20. <i>Salmo irideus</i> . Rainbow Trout.....	71
21. View of Wytheville Station, showing Breeding Ponds, with Hatchery in the background....	73
22. Spawning Pond.....	74
23. Interior view of Wytheville Hatchery, showing men picking out dead Eggs.....	77
24. Trout Rearing-ponds at Wytheville Station.....	79
25. Rearing-pond.....	81
26. <i>Salvelinus fontinalis</i> . The Brook Trout.....	91
27. Trout Ponds, Northville, Michigan.....	93
28. Selecting and stripping ripe Trout, Northville, Michigan.....	95
29. Interior view of Northville Hatchery.....	97
30. Removing green Eggs from Shipping-trays. Packing eyed eggs, Northville.....	101
31. <i>Cristivomer namaycush</i> . Lake Trout.....	103
32. Collecting lake-trout spawn on fishing steamer in Lake Michigan.....	105
33. <i>Coregonus clupeaformis</i> . Common Whitefish.....	119
34. Stripping a Whitefish.....	122
35. View of Battery for hatching Whitefish.....	127
36. <i>Alosa sapidissima</i> . Common Shad.....	133
37, 38, and 39. Plates showing the development of young Shad.....	136
40. Main deck of steamer <i>Fish Hawk</i> , equipped for hatching Shad.....	143
41. Interior of Hatchery at Battery Station, equipped with Hatching-jars.....	151
42. Battery Station Hatchery. Fish Commission car loading fish at Noosho.....	158
43. <i>Micropterus salmoides</i> . Large-mouth Black Bass.....	159
44. <i>Micropterus dolomieu</i> . Small-mouth Black Bass.....	159
45. <i>Pomoxis annularis</i> . Crappie.....	163
46. <i>Pomoxis sparoides</i> . Calico Bass; Strawberry Bass.....	163
47. <i>Ambloplites rupestris</i> . Rock Bass.....	163
48. Bass and Trout Ponds at Noosho, Missouri.....	167
49. Bass Ponds at San Marcos, Texas.....	173
50. <i>Salmo mykiss</i> . Black-spotted Trout.....	179
51. <i>Argyrosomus arctii</i> . Lake Herring; Cisco.....	181
52. <i>Gadus callarias</i> . Cod.....	193
53. Stripping Cod on Vessel.....	196
54. Gloucester Station.....	198
55. Pool for retaining Brood Fish at Woods Hole.....	200
56. McDonald Tidal-boxes, used for hatching Cod and Flatfish.....	202
57. Chester boxes.....	204
58. <i>Scomber scombrus</i> . Common Mackerel.....	209
59. <i>Pseudopleuronectes americanus</i> . Flatfish or Winter Flounder.....	215
60. <i>Tautoga onitis</i> . Tautog.....	219
61. <i>Homarus americanus</i> . The American Lobster.....	229
62. Interior of Transportation Car.....	239

Plate number.	To face page
I. Anatomy of the Oyster	276
II. Salinometer and Salinometer Cup	282
III. Ground-plan and section of Ponds for Spat-culture	323
IV. Details of Filter for Ponds used for Oyster-culture	330
V. Inner and Outer Faces of Shell of Typical American Oyster	340
VI. Views of Valves of Pacific Oyster	340
VII. Development of Oyster	340
VIII. Views of Oyster Embryos	340
IX. Set of Oysters on Shell, showing crowding	340
X. Oyster Spat, 2 or 3 weeks old, on inside of Oyster Shell	340
XI. Oyster Spat about 2 months old, on a Stone	340
XII. Oysters, 1, 2, and 3 years old	340
XIII. Oysters 4 and 5 years old	340
XIV. 1, Photo-micrograph of Diatom. 2, Food of South Carolina Oyster	340
XV. 1, <i>Urosalpinx cinerea</i> . 2, <i>Mytilus edulis</i> . 3, <i>Sabellaria vulgaris</i> . 4, <i>Fulgur carica</i>	340
XVI. Starfish attacking Oysters	340
XVII. Bunch of Oysters, showing Growth of Mussels and Barnacles	340
XVIII. 1, <i>Orepidula fornicata</i> . 2, <i>Orepidula plana</i> . 3, <i>Orepidula conveza</i> . 4 and 5, <i>Anomia glabra</i> . 6, <i>Pecten irradians</i> . 7, Oyster attached to pebble	340

FIGURES IN TEXT.

	Page.		Page.
Gravel Filter	41	Plan of Neosho Station, showing shape and depth of ponds, with location of Hatchery and Superintendent's Dwelling	166
Wire Filter	42	Artificial Nest for rearing Black Bass (perspective and sectional views)	171
Trough arranged for Eggs	49	Ovary of Yellow-perch with nearly ripe Eggs	183
Longitudinal section of case of Atlantic Salmon Eggs	52	Part of a recently hatched mass of Yellow-perch Eggs	183
Atlantic Salmon recently hatched	54	Diagram of Tidal Cod Hatching-box	202
Troughs arranged for rearing	55	Spring Frog or Leopard Frog (<i>Rana viverrina</i>)	255
Stand of troughs for rearing Atlantic Salmon	56	Green or Spring Frog (<i>Rana clamata</i>)	256
Hatching-troughs, Guard-screen, etc	78	Figures illustrating relative size of the Tympanum in the two Sexes	257
Cross-section through box after it has been packed and closed	84	Common Bullfrog (<i>Rana catesbeiana</i>)	258
Egg-tray	84	Western Frog (<i>Rana pretiosa</i>)	259
Foundation-board	84	Western Bullfrog (<i>Rana aurora</i>)	259
Ice-hopper	85	Anatomical figure of the Oyster	278
Egg-trays packed and cleated	85	Tangle and Tackle	319
Outside case	86	Drill-dredge in position for work	316
Floating box	107	Drill-dredge open for emptying	317
Clark-Williamson trough	110	Receptacle for Cultch	324
Pans used in cleaning Eggs	148		
Shad-hatching Table	149		
Automatic Shad-hatching Jar	150		
Application of a Measuring Scale to a Jar of Shad Eggs	154
